UNSATISFACTORY

ADEQUATE YEARLY PROGRESS

NO

This school met 7 out of 13 objectives. The objectives included performance and participation of students in various groups.

Definition: As required by the United States Department of Education, Adequate Yearly Progress specifies that the statewide target is met for All Students and for the following subgroups: Racial/Ethnic, Subsidized Meals, Disability, and Limited English Proficiency.

SOUTH CAROLINA PERFORMANCE GOAL

By 2010, South Carolina's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Mayewood Middle is a school focused on improving reading, writing, math skills, and family involvement. Students in all classrooms are exposed to a strong, age-appropriate curriculum driven by the South Carolina state standards.

Academic excellence is always at the forefront of all that we do to help students meet and exceed the SC standards. This year we implemented several strategies to increase student achievement at Mayewood Middle School. These include teachers and administrators analyzing data (test results) to guide instruction, teachers implementing strategies in the classroom as learned from professional conferences, books and educational resources, using technology as a learning tool for instruction, providing academic assistance for students during the school day as well as programs offered before and after school, and a mentoring program for students. We also provided additional learning opportunities for students by forming clubs that met bi-monthly.

The staff remains committed to providing a strong, educational program with high expectations for student achievement. Our dedicated staff received many honors and recognitions. One was named the 2004-2005 Sumter Area Distinguished Reading Teacher; one received a \$6000 grant from the South Carolina Department of Education and another received a \$2,000 one, while yet another received a \$500 grant from Wal-Mart. Our guidance counselor began a student mentoring program using community volunteers.

Parents are invited to take an active role in the school's instructional and extracurricular programs. Our PTSA has played a vital part in the instructional and professional development areas in the school. We continue to seek the assistance of parents in helping to provide students with unique experiences in all learning areas. Parents are invited to serve as volunteers, join the PTSA, become a part of the School Improvement Council, attend field trips, visit classrooms, and actively participate in our academic program.
